Nagpur & Vidarbha Clean Energy Initiative

PM Surya Ghar: Muft Bijli Yojana Facilitation (Illustrative Demo)

INDICATIVE SOLAR QUOTATION

Ref: LD-30881

Date: 06 Nov 2026

Valid Until: 06 Dec 2026

CUSTOMER NAME	INSTALLATION SITE	CONSUMER NUMBER	MONTHLY USAGE
Sample Homeowner A	Sample address, Nagpur, Nagpur, 440015 District: Nagpur	**0000****0001** MSEDCL Distribution	**340 kWh** Bill: ₹3,200

PRIMARY RECOMMENDATION

3 kW Rooftop Solar Plant

Requires ~300 sq. ft. shadow-free rooftop area

ESTIMATED EFFECTIVE COST AFTER SUBSIDY

₹1,17,000

Net Payable After Central Subsidy

* Subsidy is subject to eligibility, commissioning and government approval. The customer may need to pay the gross installation amount initially.

GROSS INSTALLATION	GOVT. SUBSIDY (DBT)	ANNUAL GENERATION	ESTIMATED PAYBACK
₹1,95,000	- ₹78,000	~4,200 Units	3.48 Years
Benchmark turnkey price	Central PM Surya Ghar	~350 units/month	Est. Savings: ₹33,600/yr

SYSTEM OPTIONS COMPARISON (1 KW, 2 KW & 3 KW)

Assumed Grid Tariff: ₹8/unit

OPTION	ROOF AREA	GROSS PRICE	CENTRAL SUBSIDY	NET COST	YEARLY OUTPUT	YEARLY SAVINGS	PAYBACK
1 kW Plant	~100 sq.ft	₹75,000	- ₹30,000	₹45,000	1,400 kWh	₹11,200/yr	4.02 yrs
2 kW Plant	~200 sq.ft	₹1,40,000	- ₹60,000	₹80,000	2,800 kWh	₹22,400/yr	3.57 yrs
3 kW Plant SELECTED	~300 sq.ft	₹1,95,000	- ₹78,000	₹1,17,000	4,200 kWh	₹33,600/yr	3.48 yrs

1. TECHNICAL SYSTEM SPECIFICATIONS & REGIONAL BENCHMARKS

PLANT ARCHITECTURE

Grid-Tied On-Grid Rooftop Solar Photovoltaic

Integrated with MSEDCL bi-directional net meter for energy credits.

REGIONAL SOLAR GENERATION BENCHMARK

1,400 kWh / kW / year

Calibrated for Nagpur & Vidarbha region solar insolation.

ROOFTOP STRUCTURAL REQUIREMENT

~100 sq. ft. per kW Shadow-Free Area

RCC flat slab or suitable tin shed with south-facing module tilt.

EQUIPMENT QUALITY STANDARDS

Tier-1 ALMM-Compliant Modules & BIS Inverter

Indicative demo specification subject to final site survey and vendor contract.

2. FINANCIAL & CENTRAL SCHEME SUBSIDY BREAKDOWN

CALCULATION ITEM	RULE SNAPSHOT / PARAMETER	APPLIED VALUE
Scheme Authority	PM Surya Ghar: Muft Bijli Yojana (Nagpur & Vidarbha)	MNRE National Portal
Tier 1 Subsidy (Up to 2 kW)	₹30,000 per kW	₹60,000
Tier 2 Subsidy (2 kW to 3 kW)	₹18,000 per kW (Cap: ₹78,000)	₹18,000
Total Direct Central Subsidy	Disbursed via DBT into bank account	- ₹78,000
Grid Tariff Assumption	Assumed residential grid tariff	₹8 / unit
Payback Formula	Net Cost (₹1,17,000) ÷ Annual Savings (₹33,600)	3.48 Years

IMPORTANT DISCLAIMERS & SCHEME TERMS

- **Site Survey & Structural Feasibility:** This document represents an indicative estimate based on preliminary customer data. Final equipment configuration, array placement, shading analysis, inverter location and price quotation will be confirmed following a physical site survey conducted by an authorized technical engineer.
- **Subsidy Eligibility & DBT Disbursement:** Central Financial Assistance (CFA) is released directly by the Government of India through the National Portal for PM Surya Ghar into the beneficiary's Aadhaar-linked bank account. Disbursement is subject to customer scheme eligibility, sanctioned load matching, and DISCOM commissioning certificate verification.
- **DISCOM Regulations:** Bi-directional net metering and tariff settlement rules are subject to Maharashtra State Electricity Distribution Co. Ltd. (MSEDCL / Mahavitaran) guidelines and MERC regulatory orders.
- **Quotation Validity:** All indicative pricing and subsidy benchmarks stated in this quotation are valid for 30 calendar days from the date of issue (until 06 Dec 2026).
